After 7 Memorable Years, KHAS Says a Sincere Thank You and Good Night...

By Rex Tucker

After a great deal of deliberation and with many mixed emotions, the Kids Hockey Advancement Society Board of Directors has decided to dissolve our Society and therefore shut down our annual golf

tournament. Since 2008, we have donated over \$150,000 to various worthy causes within the City of Calgary of which, in excess of \$100,000 of these distributions went directly to KidSport Calgary. We feel we've made a difference but times and priorities have changed in our lives. Unfortunately, the Society and golf tournament have run its course.

Back in 2008, when the Society was born, I was looking for a way to give back to the grassroots hockey community in Calgary. From a modest upbringing in the small rural fishing village of Little Bay Islands, Newfoundland, I experienced firsthand the obstacles entailed in following my passion for hockey. I felt a need to give back to help other children who may experience disadvantages and lack of opportunities to play hockey. Thus the Society and Golf Tournament were born.

Success is to be measured not so much by the position that one has reached in life, as by the obstacles which he has overcome while trying to succeed. - Booker T. Washington

As the President of the Society and Tucker Hockey being the event sponsor since its inception, I've had the opportunity to work alongside the very dedicated volunteer members of the KHAS Board, loyal tournament directors, many enthusiastic day of the event volunteers and generous golf tournament supporters, and I know firsthand the hard work and time commitments required to organize a successful tournament. Our Little Tournament that could, which started out donating \$10,000 in its first year was able to grow and donate in excess of \$150,000! We feel good about what a small board of 5 members has accomplished.

I would like to take this opportunity to recognize and thank the following people for their support over our 7 year period. Here's a list of the many kind people who stepped up to help our fundraising efforts!

life. Please know that you helped change lives and made a DIFFERENCE.

Even though the Society will be shutting down, I will still continue my philanthropic endeavours through Tucker Hockey. I have set up a new Tucker Hockey Awards Program focusing on helping kids at the grassroots level. This program will include free year-round certificates to Tucker Hockey programs for deserving kids, donating one free hockey program to every Calgary Hockey Minor Hockey Association so they can help a child in their local organization as well as donating \$5,000 worth of free programs to KidSport Calgary to distribute to disadvantaged kids who wish to participate in hockey programs. In 2016, Tucker Hockey is planning on giving back a total of \$20,000 worth of programs to the local hockey community to help replace the past donations made possible through the KHAS Society. Therefore, directly impacting many kids whose passion and love for hockey reminds me of my own zeal for the game as a young boy.

We leave one closing thought with you:

"A hundred years from now, it will not matter what my bank account was, or what kind of house I lived in ... but the world may be a better place because I made a difference in the life of a child."
